MOTOR COP CRUSHED TO DEATH ON SUNDAY

SPEED OFFICER MEETS DEATH IN COLISSION ON TUNNEL HIGHWAY

Raymond Lamp, speed cop of Contra Costa county, and well known in Richmond, was instantly killed early last evening when he collided with a heavy truck on the tunnel road near Lafayette.

Lamb was chasing a speeder at the time and was traveling toward Berkeley at a high rate of speed when he crashed into a truck at a short turn in the road.

He cleared the front of the machine, but skidded and the heavy rear wheels passed over his body, breaking his spine.

The home of Lamb was at Walnut Creek. The body of the deceased was taken in charge by Coroner Charles F. Donnelly.

COOL DRESSES FOR WARM DAYS

CHERRY CHAT

Be comfortable as well as fashionable in one of the charming summer dresses which have just arrived at Cherry's in such alluring numbers.

You needn't hesitate to come and choose what you want, whether you have the full cash to pay or not. Cherry's plan of small monthly payments settles the money question.

YANKS AND FRENCH BATTLE, SOLDIERS AND SAILORS HURT

BREST, June 30.—Two French civilians were killed and five American soldiers and sailors were injured severely and more than 100 wounded in riots here last night.

Two of the American sailors are expected to die.

The casualties occurred as a result of the exchange of shots between American military and naval police and French sailors.

The trouble began, according to available accounts, when an American naval officer, who is said to have been drinking heavily, tore down a French flag and trampled on it. A crowd of Frenchmen attacked the officer, and it is said kicked and beat him until he was unconscious.

Americans who passed by and who were not aware of the cause of the fight, went to the aid of the naval officer. The fight then became general.

A mob of French civilians and soldiers attempted to rush the Hotel Moderne, where American officers were quartered. They burned a sentry box and threw stones at Americans in uniform wherever they found them. The Americans, it is said, retaliated.

A company of marines with fixed bayonets was hurried to the scene and the Americans soon restored order. Admiral Henri Salaun, the French naval commander at Brest, ordered the marines to return to their barracks.

As the marines were marched back to their quarters, it is declared, they were pursued by a mob throwing stones and bricks.

BIG WATER PROJECT PLANNED FOR EASTERN END OF COUNTY

CONCORD, June 30.—Saturday, July 12, has been set as the date of a mass meeting at which it is proposed to launch a water district covering a considerable portion of the eastern and central part of the county. Preliminary surveys have already been made and cost data prepared, and the entire situation will be thoroughly discussed at this meeting.

A sketch of the plan includes securing water from the San Joaquin river above Antioch. This would be pumped to an elevation in the foothills south of Antioch, run by gravity above Pittsburg, Bay Point and Clyde, into the Ignacio Valley and thence pumped over the hills into Walnut Creek, serving the San Ramon valley.

The water thus secured could be distributed to the various points along the line of the gravity flow and could be utilized for commercial, domestic and agricultural uses. The supply would be practically unlimited and the capacity of pumping would be the only gauge of the supply.

A preliminary meeting was held recently in Ygnacio Valley, the farmers present being a unit in favoring the proposed plan. At that time a preliminary organization was effected with E. B. Anderson president and Mrs. Philip Bancroft secretary. Plans were laid for the proposed meeting on July 12th.

Leading citizens in all the communities effected, heads of the commercial plants along the waterfront, and others interested in the development of the project have been invited to be present at the meeting, which will be held at two o'clock in the afternoon.

MRS. LAMBRECHT IS CALLED TO HER REST

Died, June 28, 1919, at her late residence, 2360 Garvin avenue, Mrs. Caroline Marie Lambrecht, aged 79 years, widow of the late Carl Lambrecht, loving mother of Mrs. Annie Petersen, Mrs. Mary Engell and Peter Lambrecht of Suisun, Mrs. Hannah Coffey of Oakland, Mrs. Carrie Jorgensen, Mrs. Minnie Lund, and C. J. Lambrecht of Richmond, sister of Mrs. A. Strange of Fairfield, and Christ Lynn of Richmond. Remains are at the home, 2360 Garvin avenue, until 8 a. m. Tuesday, July 1st. Thence remains will be forwarded to Fairfield, where services will be held in the Methodist Church. Interment in the family plot. Bert Curry is arranging for the funeral. The following poetry was always cherished by the deceased:

Dearest mother, thou has left us,
Here our loss we deeply feel;
But the God who hath bereft us
He can all our sorrows heal.
Yet again we hope to meet thee,
When the storm of life is fled,
Therein Heaven with joy to greet thee,
Where no farewell tear is shed.

CRAYEN RETURNS HOME

Fred I. Craven, who went to the war from Richmond more than a year ago, has returned home from France. He was discharged at Camp Taylor and expects to resume his position at the Oil Refinery.

AUTO ACCIDENT.

There was an automobile accident late Saturday evening, which occurred at Fifth and Macdonald, in which a party ran into three autos. Considerable damage was done to the other machines.

MIDNIGHT WILL WITNESS THE FINAL END OF BOOZE

Tonight at midnight the saloons and the liquor houses of the country will go dry under the war time act. It has been decided by the Attorney General that demobilization is not completed, and while peace terms have been signed, this act does not affect the dry measure.

In Richmond the wholesale houses will close their doors finally at nine o'clock this evening and the saloons at midnight.

There are no special plans among the liquor men for any kind of a celebration, and the authorities are not inclined to allow the lid to come off even for a short time.

There are about sixty-five saloons in Richmond, and by their closing the city will lose a revenue of about $30,000 a year in licenses, which will have to be made up in some other way by the city council when it makes up its budget for this year.

A talk with some of the saloon men of this city revealed a queer condition of mind. In some cases the men are glad that the agony is to be over, and they have made plans to enter some other kind of business. In other cases the men are up in the air and do not know what line of activity they will enter. It is also the intention of a few to open up soft drink emporiums.

Mike Lucey, the proprietor of the Bank bar on Macdonald avenue between Seventh and Eighth streets, seems to be the happiest man in the city. Mike says promptly at the stroke of the clock at midnight he will close his doors forever, and will immediately enter the real estate business. Mike has a long head on him. He has seen prohibition approaching for some time, and has planned accordingly.

Some friend of Lucey's has sent him a whiskey bottle that is fantastically decorated. On the cork of the bottle is penned a picture of a man representing the "Glooms." On the main body of the bottle is a highly colored label, with a poem on it, telling of the death of "booze." The bottle is also bedecked with ribbons and flowers.

CONCORD FARM CENTER CLUB ORGANIZED

MARTINEZ, June 30.—Articles of Incorporation for the Concord Farm Center Club were filed in the office of the county clerk here on Friday. The trustees named are: A. C. Gehringer, Burt Burlow, Frank Rose, Mrs. Alice Ough, Mrs. Lottie Newhall. The Farm Center Club plans the construction of a club house in Concord in the near future.

RETURNED TO TURLOCK

Martin Kelly, former real estate magnate of this city, but now engaged in farming in the Turlock district, returned to the ranch Friday, after being in this city to attend the funeral of his mother.

TAKING HIS VACATION

Dilly, the bazaar man, is taking a vacation at Calistoga springs and is enjoying himself thoroughly. He expects to remain several weeks.

BIG DROP IN POSTAGE IS IN EFFECT TUESDAY

Tomorrow the high cost of living will drop a cent when the three cent postage rate on letters mailed for points in the United States will be relegated to war history and the old two cent flat rate will again become effective.

In making this announcement today Postmaster Waverley Stairley notified the public that three cent envelopes and two cent postal cards would be redeemed for the two cent envelopes and the one cent postal cards if presented to the station where originally purchased.

Postal cards will now carry the old rate of one cent. The one cent circular rate is restored, as is the one cent local rate.

Outside county of publication the rate will be 1 1-2 cents a pound on publications devoted to matter other than advertisements or if the space devoted to advertisements does not exceed five per cent of the total space.

PHONE TIEUP NO NEARER END NOW THAN WEEK AGO SAY STRIKERS

The strike of the telephone company with its employees is no nearer an end than it was ten days ago when it started.

The latest development is that Horace Pillsbury, the attorney of the company, quietly left for the East a few days ago to confer with Postmaster General A. S. Burleson.

The sentiment about the city seems to be that as long as the company has not given any service to its customers that they are not entitled to have their bills paid, and the people generally are refusing to settle with the collector when he comes around.

FINAL MEETING OF CITY COUNCIL TO TAKE PLAGE THIS EVENING

Tomorrow, the election for the voting of $40,000,000 of bonds for the extension of the state highways will take place, and the voters of every precinct of the state will go to the polls and express their choice in the matter.

If the bonds are voted, the money will be used for the completion of gaps in different parts of the State, and also for many new main arteries and laterals that have been projected.

On July 22nd the election will take place in Contra Costa county for the voting of $2,600,000 bonds for new concrete highways in this county. Among the new roads provided for in this issue is the building of the Franklin canyon road, a new road through the San Pablo creek canyon, and the road connecting Richmond up with Giant.

Light Wine and Beer Can Be Sold

WASHINGTON, D. C., June 30.—Late this afternoon the Supreme Court of the United States rendered a decision that after July 1st light wines and two and three-quarter per cent beer could be sold. The ban is still on whiskey.

GREAT TRADING EVENT FEATURE OF NEXT FEW DAYS HERE

The big three day trading event of the merchants of Richmond starts tomorrow morning and will last till the evening of July 3d. The business men of the city have entered into the proposition with a unanimity of spirit seldom seen before, and that they will accomplish results is easily to be foreseen.

Practically all of the big business men of the city have entered the special sales proposition, and during the period of the event each one of them will offer special bargains.

So far as the shipping public of Richmond is concerned, it means that they will be able to make their dollars go a great deal farther than in the past. Read their ads, and take advantage of the big reductions in prices they have made in their goods.

FOR SALE.—Two lots on Ripley and Tenth street, $2,000 cash. Address Mrs. Eva Anderson, box 44, Gardiner, Oregon.

JOHNSON IS AN OPPONENT OF NATIONS LEAGUE

NEW YORK, June 30.—Senator Hiram W. Johnson of California is today the acclaimed leader of the opposition to the League of Nations as proposed in the peace treaty.

In a clear and forceful analysis of the proposed covenant Senator Johnson, before a great throng in Carnegie Hall here, revealed what he charged were hidden iniquities of the pact, and took up the gage of battle contained in President Wilson's treaty statement of last Saturday.

Senator Johnson spoke to one of the largest throngs ever gathered in Carnegie Hall. Every seat was filled and every available space was occupied by others unable to get seats. In addition there were many thousands, who, unable to get inside of the hall, thronged the corridors and stood in a solid mass outside the doors.

The senator from California was recognized by the great throng in Carnegie Hall as the man who in all probability would be the Republican standard bearer in the next great political battle of the nation.

AIRPLANE PIGNIC WAS GREAT SUCCSS

One of the largest crowds that has ever visited East Shore Park was present yesterday on the occasion of the holding of the airplane picnic by the local lodge of Elks.

The morning was principally taken up in all kinds of games, and in the afternoon the time was principally taken up with dancing.

A big Curtiss plane was on the ground, and was kept busy making flights all day, taking up passengers who wanted to get a thrill.

SEARCHING FOR CONTRABAND

Pick up any of the metropolitan papers these days and you will notice advertisements which tell you that for a few cents or a few dollars the advertiser will send you a recipe whereby you may make your own beer or whiskey for a few cents a gallon or barrel. The advertiser relies on an extra crop of suckers who have been brought into existence by national prohibition, and he figures that he can make a bunch of money off the gullible before anybody gets on to his game. As a matter of course the recipes which are sold by these people have no value to anybody, but this is beside the point, which is that people will be gulled into buying these worthless recipes, no matter if their better judgment tells them that they are being swindled.

And this reminds us that the provisions of the prohibition enforcement bill permitting search of private homes for contraband liquor has been stricken out by the House judiciary committee, not because its members were not in sympathy with the measure as a whole, but because, being lawyers, they knew that it was a direct violation of the Constitution of the United States. Congress has no legal right to enact a law which gives to the government authority to search the homes of people upon mere supsicion that liquor is stored there, and if it should overstep its authority the courts of the land would quickly overthrow he law.

A man's home is his castle, and is so recognized by the law of laws Amendment IV of the Constitution says: "The right of the people to be secure in their person, papers and effects, against unreasonable search and seizure, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched and the person or things to be seized."

It is safe to say, therefore, that no liquor enforcement bill, adopted either by the Congress of the United States or by the State Legislature, will attempt to lodge power in either government to invade the homes of the people upon mere suspicion of contraband liquor.

TERRORISM A FAILURE.

Assassination as a remedy for social ills cannot be said to have proven itself a success in Russia, and yet nowhere has it been more thoroughly tested. A small group of impatient reformers tried that method in the '70's—some of them actuated by the highest motives and chafing under an autocratic system no less reprehensible—and their terrorist acts failed to accomplish any permanent good. Even some of the assassins admitted this error in killing Alexander II. Indeed the policy of snuffing out the lives of obnoxious persons in power was gradually thrown over when it was seen to be leading nowhere.

At the end of the last century there occurred a revival of assassination in answer to fresh acts of Czarism. The social revolutionists in a proclamation in 1902 declared: "Besides its chief significance as a means of disorganizing, terrorist activity will serve at the same time as a means of propaganda and agitation." Curiously, in view of later happenings, the Bolsheviki replied to this essentially in the terms of Tikhominoff who had opposed the previous terror. A party, they said has either the force to overthrow the government or it has not; in the former case it has no need of assassinations, and in the latter the assassinations have no effect because governments are not so stupid as to let themselves be frightened by those who cannot overthrow them. To this position the Marxians have steadfastly adhered, and it is in line with their theory that the individual is nothing, the mass everything.

While the Bolsheviki hold substantially the opposite theory, they do not hesitate to assassinate an individual whom they wish removed—although preferring to kill on the wholesale plan.

And each fresh advocate of terrorism only shows more plainly than the one before that it will not work

---

In this day of civilization there are a large number of people who like to get away from it all and take an uncivilized vacation where they may live in tents and eat food which is as primitive as their method of life. And at that the idea is not a bad one, but generally results in good to the patient, for he is generally so glad to get back to his natural life that he is likely to forget about that terrible tired feeling.

Mr. Brisbane says the Kaiser has felled 5,000 trees since he went to Holland. The Kaiser has been in Holland about 180 working days, and he has one good arm. If he is a member of the union he does not work more than eight hours a day, which means that he has cut down an average of more than three trees an hour since his advent Do you believe it? Neither do we.

There is quite an amount of interest being shown in the fistic bout for the world's championship between Jess Willard and Jack Dempsey, at Toledo, Ohio, on July 4th. It is a singular fact that all male creation is interested in a prize fight, which leads us to believe that there is not so much in our vaunted civilization after all but what really counts most is really truly brute force—the kind that old Father Stonehatchet a few hundred centuries ago used to practice when things did not go just right in his neighborhood.

Warm times are expected when President Wilson gets home from across the seas. Our own Hiram Johnson has been saying a great many uncomplimentary things concerning Woodrow, and some of his pet projects, and the latter is not a man to tamely submit to somebody else tearing at the vitals of his theories.

NUMEROUS RAIL AND ROAD PORTS OF JUGO SLAVIA OTHER THAN FIUME

It has been stated repeatedly that Fiume is the only port of Jugo Slavia on the Adriatic and that if Fiume be given to Italy the new Jugo Slav kingdom would be entirely cut off from an outlet on the Adriatic. The map shows how grossly has been the misrepresentation in making such statement.

From Bucarri, six miles south of Fiume, to Albania, the eastern Adriatic coast is lined with numerous cities, towns and villages, all served by coastal vessels, many of them possessing good harbors, well improved and equipped, and served adequately with railroads and wagon roads from all parts of the interior.

It should be remembered in studying the Fiume question, and arriving at a fair and impartial judgment that these ports were used and considered adequate by the states that now compose Jugo Slavia, and further it should be remembered that these other ports were preferred by these states who now so vociferously claim Fiume as their only outlet on the Adriatic. This is proven by the statistics of the shipments through Fiume into and out of these various states. Only 13 per cent of the entire traffic—imports and exports, of Croatia, Bosnia, Herzegovinia, Serbia and Slovania passed through Fiume before the war, and Croatia only used it for 7 per cent of her imports and exports.

One has but to consult one's own geography to prove the accuracy of this map.

SIDE-SPLITTING COMEDY IS BIG FEATURE AT THE ORPHEUM

"A Temperance Town," comical story of the "Great Thirst," is the week's offering at the Oakland Orpheum, a great roar of laughter. It is one of the funniest farces in American stage history, a ludicrous story of prohibition and prohibition's effects on the topers of the town, a story with funny lines every second, funny scenes, funny characters, funny situations, just one laugh piled on another.

There have been comedies before on prohibition; this is the very last word in humor extracted out of a dry situation.

Dry humor is more than a proverb or a figure of speech in this comedy; the affair is a laugh from beginning to end. It is funnier than "Here Comes the Bride" which Orpheum playgoers say is probably the funniest piece of the Baker stock season.

There will be a special matinee, of course, for the Fourth of July, and the usual popular matinees Saturday and Wednesday, at the usual 25 cent prices for the entire orchestra.

The week after "A Temperance Town" is to see offered "It Happened in Oakland," written by Lex Luce, the leading man of the Baker players, who makes his bow as a playwright with his latest example of a "home product." Luce's play was started before Manager Harry Cornell issued a call for a local play; Luce wrote Oakland characters and Oakland scenes into it, and it will be offered here before being sent East, although it was originally intended to send it East first. Seats are now being reserved.

"The Shepherd of the Hills," Harold Bell Wright's picture feature, has been specially engaged for one week only, to follow "It Happened in Oakland."

HEARTS OF WILDS NEW RICHMOND THEATRE FILM

Elsie Ferguson, star of "Heart of the Wilds," her latest Artcraft vehicle which will be shown at the Richmond Theatre today, was hostess to two hundred or more cowboys at a barbecue given in their honor by Director Marshall Neilan, during the filming of that photoplay at Cody, Wyo., and vicinity recently.

The appearance of the famous star caused a sensation among the residents, and she was accorded a big popular ovation. Mr. Neilan gave a barbecue at which Miss Ferguson was hostess. Speeches were called for, and Miss Ferguson made an address in which she exhorted her hearers to stand firm for world democracy. At a given signal, every cowpuncher in the party fired a salute by way of appreciation of her patriotic sentiments.

A clever bit of comedy is injected into the third episode of "The Man of Might," Vitagraph's latest adventure serial, which will be on the same program. A Chinese servant has been captured by outlaws and left trussed up on the ground. A dog loosens the knots and the Chink, freed, goes home, arms himself and starts after his persecutors.

CARLOAD OF DODGES.

J. F. Strom, the local dealer, has received another carload of Dodge motor cars. It is impossible for him to secure machines as fast as he can sell them.

ANOTHER BUILDING.

The twenty-five foot lot on Macdonald avenue just west of the Narbett-Callenger building has been sold at a price reported to be $7,500, and it is stated that a fine modern building will be erected.

To Whom it May Concern — Dr. Wong Him, 1701 Webster St.
Dear Sir — Having had experience with bad health, I feel that I must wirte you a few lines to let you know how thankful I am for the benefit I received from your treatment. I have treated with several physicians for a complicated disease and my cases was given up as hopeless. I was suffering from stomach, heart, liver, head and kidney trouble. When I called to see Dr. Wong Him I placed myself under his care and I consider my cure permanent. I can recommend Dr. Wong Him as an honest, upright man as well as a skillful physician. Hoping that these few lines may prove of value to those who are suffering and wishing to be cured, remain.

Wants to Help Others

Mrs. V. M. Bickford, 721 Sixth street, Richmond, Cal., writes Dr. Sing that in appreciation for her restored health and in hopes of helping "some other sufferer to health," she is writing a testimonial, from which the following is quoted:

"After consulting several doctors my case was called incurable unless I submitted to an operation. I was very weak and wasted away to a shadow, with temperature every day.

"Was operated upon and found temporary relief for about six months, when I developed a severe case of bladder trouble with pains in the back just below the shoulder blades.

"I also had terrible headaches and vomiting spells until I raised clots of blood. The doctors then diagnosed my case as ulcers of the stomach.

"I moved to Richmond about a year ago, because much worse, could not eat without terrible agony, and could not sleep, vomited more often with burning in throat and lungs, and had a temperature of 101 and 102 degrees every day. * * *

"I had an X-ray plate made which showed spots on the lungs and my case was called tubercular. * *

"My attention was called to the Chinese herb remedies by a friend. Today, after two months and a half of treatment, with you, I have no aches or pains, vomiting and headaches are entirely gone, and I can rest happy in the knowledge that tuberculosis has no terror for me. * * * I can gladly recommend Dr. Sing to any one needing help.

DR. WASHINGTON DODGE DIES OF HIS WOUNDS

SAN FRANCISCO, June 30.—Dr. Washington Dodge, who shot himself through the head a week ago Saturday, died of his wounds today at the St. Francis Hospital. Up to Saturday it was believed he would recover. Saturday morning he became unconscious.

MRS. OLIVE BROWN SUFFERS 40 YEARS

Had Lost All Hope of Ever Being Well Again—Tanlac Restores Health

Mrs. Olive M. Brown, a highly esteemed resident of Calistoga, California, called at the Owl Drug Store in Los Angeles recently, and made the statement that Tanlac had completely relieved her of a case of stomach trouble from which she had suffered for forty years.

Mrs. Brown's statement, while indeed remarkable, is by no means unusual, as many thousands of well known people all over the country have testified to having used the medicine with the same wonderful results.

"For the first time in years," said Mrs. Brown, "I am able to eat what I want without any bad after effects, and I must say Tanlac is a perfectly grand medicine. I suffered with indigestion and constipation all the time, often had severe pains in my stomach, and was seldom free from headache. I had suffered so long that my nerves were all shattered and I had lost about all my strength.

"I have tried every kind of medicine, and have been under treatment many times, but could only get relief for a little while at a time, and then feel worse than ever. In fact, the older I got the worse I suffered, and I had long since lost hope of ever getting relief. Finally a lady friend of mine, who had taken Tanlac, persuaded me to try it, and as I said, for the first time in all these years I can eat what I want and never suffer any whatever from gas and pains in my stomach. My headaches are gone, too, and my general health is better than for years. I have also gained several pounds in weight. I am only too glad to recommend Tanlac for I firmly believe it is the best medicine ever made."

Tanlac is sold in Richmond by F. B. LaMoine; in Antioch by H. J. Shuman; in Crockett by J. Civilletti; in Pittsburg by Regal Pharmacy; in Walnut Creek by F. J. Wiget; in Pinole by E. K. and H. Dunlap, and in Danville by J. S. Forsyth.—Adv.

DEPUTY SHERIFF'S STATEMENT

Mr. A. S. Andrade, deputy sheriff, indorses the famous FONG WAN HERB TEA. His personal testimonial reads:

"Richmond
"Feb. 8, '19

"I suffered from nervousness, headache and deafness. My health was so poor that I was unable to do anything. I had tried many doctors and had also been treated at the University Clinic. The doctors there inserted an instrument into my nose for the purpose of restoring my hearing. Its only effect was to cause me awful pain and bleeding. Then my nose also became stopped up and my suffering was worse than before.

"At last I saw a Fong Wan Herb Tea advertisement. I went to their wonderful Herb specialist, and now after six weeks am entirely well in every way. This letter of recommendation is prompted by gratitude.
